EXAMINER'S COMMENT and REASONS FOR ALLOWANCE

Priority

1. Applicant's request for priority based on provisional applications:

60/347,781	filed 10/23/2001
60/332,425	filed 11/16/2001
60/339,077	filed 10/30/2001
60/348,217	filed 11/09/2001

are approved.

Drawings

2. The drawings filed on December 20, 2002 are acceptable subject to correction of the informalities indicated as follows:

According to *37 CFR 1.84 Standards for drawings*,

(h)(3) "Hatching (in drawings) should not impede the clear reading of the reference characters..." and

(m) "The use of shading is encouraged if it aids in understanding the invention and if it does not reduce legibility."

In the present drawings, Figures 4 and 6 are objected-to because they contain impermissible shading and hatching which impedes the clear reading of, and reduces legibility of, reference characters and annotations necessary for understanding of the invention.

In order to avoid ABANDONMENT of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.

INFORMATION ON HOW TO EFFECT DRAWING CHANGES

Replacement Drawing Sheets

Drawing changes must be made by presenting replacement sheets which incorporate the desired changes and which comply with 37 CFR 1.84. An explanation of the changes made must be presented either in the drawing amendments section, or remarks, section of the amendment paper. Each drawing sheet submitted after the filing date of an application must be labeled in the top margin as either "Replacement Sheet" or "New Sheet" pursuant to 37 CFR 1.121(d). A replacement sheet must include all of the figures appearing on the immediate prior version of the sheet, even if only one figure is being amended. The figure or figure number of the amended drawing(s) must not be labeled as "amended."

Art Unit: 2186

If the changes to the drawing figure(s) are not accepted by the examiner, applicant will be notified of any required corrective action in the next Office action. No further drawing submission will be required, unless applicant is notified.

Identifying indicia, if provided, should include the title of the invention, inventor's name, and application number, or docket number (if any) if an application number has not been assigned to the application. If this information is provided, it must be placed on the front of each sheet and within the top margin.

Annotated Drawing Sheets

A marked-up copy of any amended drawing figure, including annotations indicating the changes made, may be submitted or required by the examiner. The annotated drawing sheet(s) must be clearly labeled as "Annotated Sheet" and must be presented in the amendment or remarks section that explains the change(s) to the drawings.

Timing of Corrections

Applicant is required to submit acceptable corrected drawings within the time period set in the Office action. See 37 CFR 1.85(a). Failure to take corrective action within the set period will result in ABANDONMENT of the application.

If corrected drawings are required in a Notice of Allowability (PTOL-37), the new drawings MUST be filed within the THREE MONTH shortened statutory period set for reply in the "Notice of Allowability." Extensions of time may NOT be obtained under the provisions of 37 CFR 1.136 for filing the corrected drawings after the mailing of a Notice of Allowability.

REASONS FOR ALLOWANCE

2. The following is an examiner's statement of reasons for allowance:

In independent claim 1 directed to a method of processing memory reads and writes in a packet processor, the following features taken in combination with the remaining limitations in the independent claim are not found in and or are not obvious in view of the prior art of record,

Claim 1

"determining if a memory conflict exists between said memory read and said memory write based on a comparison of said first associated sequence number and said second associated sequence number; and signaling a restart based on said step of determining, utilizing said first associated sequence number".

Art Unit: 2186

3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
